NA: not applicable due to use of product. PND: Performance not determined.

 $Note \ 1: As \ the \ resistance \ to \ external \ fire \ exposure \ of \ roof \ depends \ on \ the \ complete \ system, \ no \ performance \ can \ be \ declared \ for \ the \ product \ alone.$ 

Note 2: This product does not contain asbestos or tar constituents.

Note 3: In the absence of European harmonized test methods, verification and declaration on release/content has to be done taking into account national provisions in the place of use.

The performances of the product identified above are in conformity with the declared performances. In accordance with Regulation (UE)n°305/2011, this declaration of performance is issued under the sole responsibility of the manufacturer identified.
